KEVIN HARVICK WASN'T THE ONLY WINNER AT DAYTONA BEACH LAST WEEK

Precision Tune Auto Care Customer Gets VIP Treatment As Racing Event of The Year Sweepstakes Winner

February 27, 2007 (LEESBURG, VA) —Winner of the Precision Tune Auto Care (PTAC) Racing Event of The Year Sweepstakes, San Diego resident and PTAC customer Barry Webb thoroughly enjoyed the experience of a lifetime as a VIP in Daytona Beach last Sunday, where he met and toured the garage with NASCAR star Bill Lester. PTAC is a sponsor of NASCAR driver Bill Lester and was part of his historic move to the NASCAR Nextel Cup Series in 2006.

“Attending the superbowl event of racing was a fantastic experience and apparently I just witnessed the most incredible race finish in history”, said Barry, who has never been able to afford to attend a big race and enjoyed talking to an actual stockcar driver. “Bill Lester is down to earth, a real neat guy. That was a special treat, and I’m kinda worried about his safety now that I met him and know about his wife and children, with Bill racing trucks this weekend here in California,” he explained.

An e-oil change customer of the San Diego Precision Tune Auto Care located at 3425 Midway Drive, Suite B, owned and operated by Clarence and Shylynn Goodman, Barry entered the sweepstakes in-store and was selected out of more than 10,000 entries. Participants entered the sweepstakes from November through December online at precisiontune.com, by mail or at participating PTAC centers nationwide, where interestingly the use of the bright yellow PTAC signs, just like Harvick’s bright yellow stockcar, certainly draws attention.
